

Managed Print Services

The Bell Techlogix Difference

It's simple. PagePack 3.0 gives you the big picture. With visibility of your whole network, you can control and manage your resources more efficiently. With the experience of over 1.5 million customer devices under management, Xerox is the leader in managed print services.

90% of companies don't know what they are spending on internal printing and scanning...

Consider the possibilities:

- Bell is a certified partner with the power and experience of Xerox behind our solutions.
- Our Printing Service is a proven solution that can reduce your print and copy expenses - sometimes as much as 30%.
- You can scale the PagePack 3.0 solution for your team, department, or company-wide requirements.
- With centralized management of your networked print devices you can balance business needs with budget realities.

Managed Print Opportunities

The opportunities are endless. Do you understand your current costs? Do you have control over future costs? Check out these benefits and start saving...

PagePack 3.0

- ☑ **Cut costs** on printing consumables, service, and your cost-per-page.
- ☑ **Reduce energy consumption** through device consolidation.
- ☑ **Reduce waste** by ordering the supplies you need with no "leftovers."
- ☑ **Free up IT resources** for more business-critical tasks rather than installing, supporting and maintaining output devices.
- ☑ **Ensure devices stay up-to-date** through remote maintenance and lifecycle management.
- ☑ **Increase uptime** by automating meter reads and supply ordering.
- ☑ **Control and forecast budgets accurately** by setting your printing and supply costs up-front.
- ☑ **Visibility** into print activity and trends.
- ☑ **Customize:** Ability to address any networked print devices you have.

It's our business to help you improve yours!

In today's economy, everyone is looking for ways to cut costs...

For most companies the ongoing cost of office printing - cost-per-print, routine maintenance, and service - is an unexplored opportunity for significant, cumulative savings. Through our services, you can centralize management of all your devices including printers, copiers and multifunction printers – even including multiple manufacturers.

Managed Print Services Gives You More Than One Green Opportunity

In today's economic environment, opportunities don't jump out at you every day. They say the grass is always **greener**...maybe it's time to take a look. To learn more contact us at:

How Much Can You Save?

For a comprehensive estimate of your potential savings just ask Bell Techlogix for an assessment of your networked print environment. We'll design a solution optimized for your specific print, copy, scan, and fax requirements. Compare it with your existing situation. Then we will help you select the solution most advantageous to your business, balancing costs, capabilities, logistics, and labor. The PagePack 3.0 solution includes proactive monitoring to fine-tune your print environment over time, and to predict and avert potential equipment downtime.
