Ruggedized Mobile Solutions...

BELL TECHLOGIX MOBILE SOLUTIONS

Bell Techlogix, the exclusive sales and service provider of the EnterMoCase™ in the United States, has over 25 years of experience in delivering Technology Solutions in IT Lifecycle Management, Mobile Solutions and Help Desk Services. Our certifications and experience enable us to support industry leaders including: Apple, Dell, EnterMo, HP, IBM, Microsoft, RIM, and Sprint. Our commitment to clients is evidenced by the fact that we currently manage over 500,000 IT assets.

BARCODE SCANNING, SIGNATURE CAPTURE AND FULL SHIFT CAPABILITIES INTEGRATED IN A RUGGEDIZED CASE...

- **Improve Business Processes:** Impact mobile workers in Field Force Automation, Logistics Management, and Field Service;
- **Enhance Decision Making:** Through real-time access to data - anytime, anywhere;
- **Secure Communications:** Secure receipt and transfer of data;
- **Investment protection:** An enclosure that protects your mobile investment in rugged environments;
- **Increase Productivity:** Improved employee utilization by allowing real-time access to systems and information.

FEATURING THE EnterMoCase™ ...

...a mobile solution with the power to enhance business processes. Leveraging the benefits of the BlackBerry® smartphone, this solution is focused on enabling workforces to capture the true benefits of mobility. Safe and secure real-time access to information...

- Leverage the full functionality of the BlackBerry® Curve™;
- 1D and 2D Barcode scanning functionality;
- A touch screen for signature capture;
- Communicate with backend systems and databases;
- An embedded flashlight to improve visibility;
- Power management software yielding full shift capability;
- A robust set of application program interfaces and more...

BOTTOM LINE IMPACT FOR FIELD FORCE AUTOMATION, FIELD SERVICE AND LOGISTICS MANAGEMENT ...
